

RENZ ANDREI O. CAMPITA

Software Engineer / Game Developer

Silang, Cavite, Philippines

rocampita@up.edu.ph ♦ (+63) 933 967 7324 ♦ linkedin.com/in/renzcampita ♦ github.com/cocoman043

WORK EXPERIENCE

Open iT

Software Developer Intern

Remote / Lucena, Philippines

Jul 2024 – Jul 2024

- I was in charge of creating their employee evaluation system where I used Next.js and integrated with their proprietary database's API, and implemented authentication and authorization.
- I handled the backend service of the application, making sure the API calls were efficient and the authentication secure.

EDUCATION

University of the Philippines Los Baños

Bachelor of Science in Computer Science

Los Baños, Laguna, Philippines

Aug 2022 – Present

- **Honors:** University Scholar, Phi Kappa Phi Nominee
- **Courses:** Algorithms & Data Structures, Compiler Design, Database Design, Language Theory & Automata, Software Engineering, Networking, Computer Architecture, Operating Systems

LEADERSHIP AND ACTIVITIES

Young Software Engineers' Society

Scholastics Department Head

Mar 2023 – Present

- I am in charge of upholding the academic standards of our organization, heading external tutorials, and personalized one-on-one tutorial sessions within the organization.
- I also handle monitoring the current status of all our members' academic standing, along with my department members.

Game Development Society

Vice President, Operations Department Head, Co-founder

Oct 2023 – Present

- Co-founded the organization in 2023, with the goal of creating a community of Game Developers in UPLB.

PROJECTS

ICS Reservease

Backend Team Leader

Feb 2024 – Jun 2024

- Designed, developed, and evaluated the backend system of University of the Philippines Los Banos' Institute of Computer Science room reservation system.
- Managed a small group of backend developers and coordinated with the frontend and database teams.
- Used Node.js, express.js, Passport.js, Google Authentication, Cloudinary, MongoDB, Git, GitHub.

LOLCODE Interpreter

Backend Developer

Nov 2024 – Dec 2024

- Developed an interpreter for LOLCODE using Python from scratch.

That Time I Woke Up As A Cockroach But I'm The Breadwinner

Game Developer

Jan 2024 – Jan 2024

- Game submission for the Global Game Jam @ Benilde 2024.
- Created assets and the narrative for the game.
- Won "Game of the Jam" and "Best Narrative"
- Made with Godot, GDScript
